Powered by USB
Built-in USB expansion port

SPECIFICATION

PREVIEW SIZE	A3
SENSOR RESOLUTION	8 Mega Pixels
LENS FOCUS	Fixed Focus
OUTPUT	USB 2.0
POWERED BY	USB
CAPTURE SPEED	Less than 1 second
VIDEO FORMAT	YUV、MJPEG
DRIVER SOFTWARE	UVC，Driver-Free
APPLICATION SOFTWARE	CamShop
OPERATING SYSTEM	XP、Win7、Win8、Win10

USAGE SCENARIO

OFFICE

E-COMMERCE

ACCOUNTING

HOTEL

RENTAL

LOGISTIC

SOFTWARE FEATURES (CamShop)

### PHOTO CAPTURE
Support real time preview
Support multiple image effects
Support multiple image formats
Support full screen preview

SCAN DOCUMENTS
Support real time preview
Support multi-page scan
Support PDF output
Support watermark

VIDEO CAPTURE
Support HD-720P video
Built-in H.264 compression
Support multiple video formats
Support audio and video sync.

PHOTOCOPY
Support photocopy function
Support real-time preview
Support PDF or JPEG backup
Support double side photocopy

EMAIL & FAX
Support email feature
Support various email software
Support PDF or JPEG format
Support attachment compression

BARCODE RECOGNITION
Support 1D or 2D barcode
Name files with barcodes
Multiple output file format
Support manual or auto mode

ID CARD RECOGNITION
Support ID card recognition
Name files with ID numbers
Multiple output file format
Multiple ID card formats

WORD RECOGNITION
Support OCR recognition
Support multiple languages
Multiple output file format
Support table formats

IMAGE PROCESSING ALGORITHM
Image noise removal
Color enhancement
Distortion correction
Multiple image filters

INTELLIGENT ALGORITHM
Edge detection & cropping
Page motion detection
Incline and direction detection
Finger and shadow removal

DEVELOPER PACKAGE (OPTIONAL)

TWAIN
Support TWAIN driver
Multiple image resolutions
Support cameras & scanners
Support multiple OS

SDK
Support image capture
Support image processing
Support various devices
Support multiple OS

OCR
Support many fonts
Support multiple languages
Multiple template analysis
Support NLP algorithms

PASSPORT RECOGNITION
Multiple type of ID cards
Multiple type of passports
Support multiple countries
Support various devices

PRIVATE CLOUD DRIVE
Private cloud drive for companies
One button to upload
Support multiple users
Full SW and HW solution
