**Elegant Design**  
 Foldable design  
 Removable plastic base

**Plastic base**  
 Fixed document  
 One-button shooting

**Secondary Camera Lens**  
 Quickly Capture Human Face  
 Support UVC

**SPECIFICATION**

PREVIEW SIZE	A4
SENSOR RESOLUTION	5 Mega Pixels
LENS FOCUS	Fixed Focus
OUTPUT	USB 2.0
POWERED BY	USB
CAPTURE SPEED	Less than 1 second
VIDEO FORMAT	YUV、MJPEG
DRIVER SOFTWARE	UVC、Driver-Free
APPLICATION SOFTWARE	CamShop
OPERATING SYSTEM	XP、Win7、Win8、Win10

**USAGE SCENARIO**

	OFFICE		E-COMMERCE
	ACCOUNTING		HOTEL
	RENTAL		LOGISTIC

**SOFTWARE FEATURES (CamShop)**

**DEVELOPER PACKAGE (OPTIONAL)**

 <b>PHOTO CAPTURE</b> Support real time preview Support multiple image effects Support multiple image formats Support full screen preview	 <b>BARCODE RECOGNITION</b> Support 1D or 2D barcode Name files with barcodes Multiple output file format Support manual or auto mode	 <b>TWAIN</b> Support TWAIN driver Multiple image resolutions Support cameras & scanners Support multiple OS
 <b>SCAN DOCUMENTS</b> Support real time preview Support multi-page scan Support PDF output Support watermark	 <b>ID CARD RECOGNITION</b> Support ID card recognition Name files with ID numbers Multiple output file format Multiple ID card formats	 <b>SDK</b> Support image capture Support image processing Support various devices Support multiple OS
 <b>VIDEO CAPTURE</b> Support HD-720P video Built-in H.264 compression Support multiple video formats Support audio and video sync.	 <b>WORD RECOGNITION</b> Support OCR recognition Support multiple languages Multiple output file format Support table formats	 <b>OCR</b> Support many fonts Support multiple languages Multiple template analysis Support NLP algorithms
 <b>PHOTOCOPY</b> Support photocopy function Support real-time preview Support PDF or JPEG backup Support double side photocopy	 <b>IMAGE PROCESSING ALGORITHM</b> Image noise removal Color enhancement Distortion correction Multiple image filters	 <b>PASSPORT RECOGNITION</b> Multiple type of ID cards Multiple type of passports Support multiple countries Support various devices
 <b>EMAIL &amp; FAX</b> Support email feature Support various email software Support PDF or JPEG format Support attachment compression	 <b>INTELLIGENT ALGORITHM</b> Edge detection & cropping Page motion detection Incline and direction detection Finger and shadow removal	 <b>PRIVATE CLOUD DRIVE</b> Private cloud drive for companies One button to upload Support multiple users Full SW and HW solution
