

# NC-BC600TBD

## Features

- ▶ 152 mm (6") / s Max. high speed print speed
- ▶ 203 dpi resolution models
- ▶ 8MB SDRAM, 8 MB Flash
- ▶ High quality double-walled clamshell design
- ▶ Print head temperature intelligent control system make sure printer output stably
- ▶ Compatible with TSPL/EPL/ZPL/DPL
- ▶ Support both receipt and barcode printing

## Specifications

|                     |  |
|---------------------|--|
| Printing method     | Direct Thermal   |
| Resolution          | 203 DPI  |
| Printing speed      | 152 mm (6")/s Max.                                     |
| Media width         | 25.4 mm ~ 115 mm                                       |
| Max.print width     | 108 mm (4.25")   |
| Media type          | Continuous, gap, black mark, fan-fold and punched hole |
| Media core diameter | 25.4~76.2mm(1"~3")                                     |
| Interface           | USB  |
| Barcode             | 1D Barcode & 2D Barcode                                |
| Printer head life   | 30 KM  |
| Input               | AC 100-240V  |
| Weight              | 1.31 KG  |
| Dimensions          | 215×178×155mm (L×W×H)                                  |
